SmellStop

3D hi-tech fabric lining for the best breathability with **permanent antibacterial treatment***, it prevents the proliferation of bacteria and bad odors

Fresh'n Flex

Ballistic fabric midsole
Perforation 0 mm
Standard 20345:2011
(Nail 4,5mm - Force 1100 Newton)

Water repellent microfiber upper

Overcap, for a higher abrasion resistance

Smart and adaptive system, for a **dynamic comfort solution**. The shoe adapts according to the kind of applications in use: it **dissipates high impact energy, stabilizes the walk, and it helps you maintain the correct posture keeping the foot on axis, reducing risk of sprains.**

Double density TPU **RXT** outsole

- **Stability control, lightness, resistance and grip, in one single shoe**
- **Ideal for work on smooth and wet floors**
- **Designed for workers who spend most of their time standing.**

«**RXT**» is the new formula "made in Base Protection", for a sole that combines **lightness, high resistance to abrasion and slip.**

The **special tread pattern**, associated with a **new generation blend**, increases **grip** on the most critical work surfaces, **even in wet conditions.**

Shock absorbing is also enhanced in the front part (metatarsal area), for a greater **cushioning effect** and a feeling of **comfort on the entire sole of the foot**

*SmellStop: Trattamento effettuato con il biocida Zinc pyrithione (CAS-No. 13463-41-7) del Tipo di Prodotto PT 09 che contrasta il deposito di microorganismi sulla superficie dei materiali.
