

The Fortrex range is equipped with a semi-rigid structure in the back part that offers maximum **STABILITY in the rear foot and impact resistance** to the heel area.

T-FORT MID B1603

FORTREX Range

(EN ISO 20345-2022) S7S HRO CI HI LG FO SR

(EN ISO 20345-2011) S3 WR HRO CI HI SRC

Sizes: **36 - 48**

Width  

The upper is made in a single piece of leather, without seams, using greased leather that is water-repellent, soft but robust

Water resistant waxy leather with membrane **H₂stOp** 

Wide toe cap to protect the tip of the shoe from scratches

SlimCap

- Metal free toe-cap: lighter
- Cap's thickness reduced, 35% less weight compared to the market standard weight.
 - Equipped with a perfect, preshaped protective stripe to avoid the painful pressure on toes.

"V" ZONE

Flexible area to help bending.

VISCOELASTIC POLYURETHANE MIDSOLE

It absorbs shocks and **reduces vibrations**

Component resistant to PERFORATION and CUT

For maximum protection of foot's lateral part 

HRO Rubber TREAD

Slip resistance, extreme temperature resistance. Sculpture very suitable for OUTDOOR environments

New: Ladder Grip

To get more grip on the ladder rungs

SmellStop

3D hi-tech fabric lining for the best breathability with **permanent antibacterial treatment***, it prevents the proliferation of bacteria and bad odours

Dry'n Air OMNIA

Anatomic removable, scented **Dry'n Air** footbed. The patented technology guarantees air circulation using a system of ducts and holes. Results: high breathability which keeps the foot dry

SYSTEM FORTREX

Robustness, stability and total protection.

The Fortrex system provides the "shield effect" in the back of shoe, which **absorbs shocks** and gives **support** and snug fit to the **heel and ankle** area. In addition, the ultra-strong rigid part creates a **W-shaped barrier** against the risk of perforation from below and from the side, even with nails of 3 mm diameter (new requirement of EN ISO 20345) Moreover, there is a **cushoning effect** that ensures the energy absorption and comfort.

*SmellStop: Treatment made with biocide Zinc pyrithione (CAS-No. 13463-41-7) product type PT 09 who counteracts the deposit of microorganisms on the surface of materials.
